Education

Haldia Institute of Technology — B.Tech in IT — CGPA: 8.0

2024 – Present

Haldia, West Bengal

Government Polytechnic, Khutri — Diploma in Computer Engineering — 75%

2021 – 2024

Bokaro, Jharkhand

Experience

Open Source Contributor

Jan 2026 – Present

Open Source Connect — Remote

- Contributed to production-grade MERN stack projects using Git workflows and Agile collaboration.
- Containerized environments using **Docker** for consistent dev/prod parity across contributor machines.

Web Developer (Full Stack)

Oct 2025 – Present

ACM Student Chapter, HIT — Haldia, WB

- Mentored 30+ students in React and Node.js; spearheaded technical workshops boosting engagement by 40%.
- Introduced **Docker**-based setups in workshops to eliminate local environment configuration issues.

Web Development Intern

Aug 2025 – Jan 2026

GAOTek Inc. — Remote, India

- Customized WordPress themes and optimized on-page SEO, significantly improving page load speed.

Projects

StudyNotion | *MERN Stack, Razorpay, Cloudinary, JWT, REST API*

[GitHub](#)

- Engineered a full-stack EdTech platform enabling instructors to create, publish, and manage courses with rich media support via Cloudinary.
- Implemented secure JWT-based auth, role-based access control (student/instructor), and Razorpay payment gateway for seamless course enrollment.
- Designed RESTful APIs with Express and MongoDB for scalable course, user, and order management.

Streamify | *React, Node.js, Express, MongoDB, Stream API, WebSockets*

[GitHub](#)

- Built a real-time video and chat application integrating Stream API for low-latency live communication between users.
- Architected a responsive React frontend with WebSocket-powered real-time updates and persistent MongoDB storage for chat history.

AuthSystem | *Node.js, Express, JWT, bcrypt, Nodemailer*

[GitHub](#)

- Developed a production-ready authentication microservice featuring registration, login, hashed passwords (bcrypt), JWT access/refresh tokens, and email verification via Nodemailer.
- Implemented role-based access control (RBAC) and protected route middleware, following REST API security best practices.

Certifications

API Beginner Learning Path — Postman

Jan 2026

Java Programming — GeeksforGeeks

Jan 2026

Prompt Engineering & Generative AI — Udemy

Aug 2025

Python and Flask Framework — Udemy

Dec 2023

Technical Skills

Languages: Java, Python, C, JavaScript, TypeScript

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, JWT, WebSockets

Databases: MongoDB, Mongoose, SQL

Dev Tools: Git, GitHub, Docker, VS Code, Postman, WSL

Libraries/Other: Prisma, WebRTC, Cloudinary, Razorpay, Nodemailer
